## while the bus station is closed

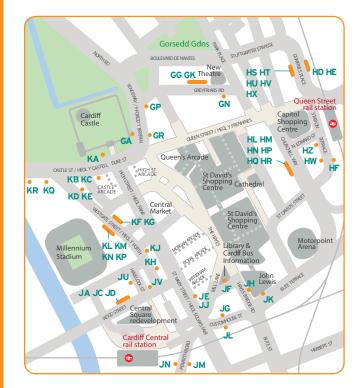

Cardiff will be getting a brand new bus station, but for this to happen the existing one will close from 2 August.

This means buses that currently use the bus station and the stops on the south side of Wood Street will now drop off and pick up at nearby bus stops. This leaflet tells you which stops these will be and where they are located. These arrangements will continue until the new bus station opens; this is expected to be late in 2017.

If you need any extra help, advice or information, how to get in touch with us is on the back page.

## routes unaffected by closure
